

WKEXP 901 Work Term Report

Arun Woosaree

XXXXXXX

July 21, 2018

Work term 1

Computer Engineering Software Co-op

Coordinator: Alyson Rumsby

1 Overview

#introduce the organization ATB Financial, or Alberta Treasury Branches is a financial institution in Alberta, Canada. ATB Financial is a crown corporation. ATB Financial has a rich work culture. ATB Financial also is an organization with over 5000 employees [1]. I joined ATB Financial through its ATB 101 program, with about XXX number of students

#explain what you do I am a developer working on the future ATB Online for Business Website.

1. Provide an overview of the organization currently employing you. Include the following:
 - Size and purpose of the organization
 - Products and services provided and markets served
 - Where in the organization your area/department fits, its role and responsibilities
 - Your role in your department and in the organization

2 Learning Opportunities

1. agile work environment
2. hands off management style, lots of trust given
3. google hangouts, slack, daily scrum meetings as part of agile workflow
4. javascript react redux

Figure 1: now I need to expand these 2 sentences into a full page paragraph rip

5. spent the first 2 weeks just learning
6. actually contributing to something meaningful
7. api endpoints
8. getting used to using macOS
9. ATB 101

#explain what you do

#explain agile

2. Describe the opportunities available for learning in the organization. Some of these may include: • Production/operation processes • Management style used • Methods used to coordinate operations/projects and budgeting/planning

3 Work Preferences

1. prefer management style similar to ATB where trust is given
 2. I like the challenges given by ATB, where everyday I'm learning something new and I hope to always continue learning
 3. I like the hands off management style where you are responsible for showing up to work on time, keep track of your hours, and take breaks when you should
 4. I'm in computer engineering, I don't see myself working in a plant or out in the field surveying anytime soon.
3. Based on this information, provide an analysis of your work preferences, which can help you in deciding the direction of your future work terms. Discuss your preferences regarding:
- Style of management/supervision • Type and nature of tasks • Level of responsibility • Work environment (field, plant, or office) and location
